

## God's Psychology

A Musical Prescription for Stressful Times

**Dr. Thomas R. Clark at the Steinway Concert Grand Piano**

Accompanying booklet with lyrics, Scriptures and inspiring psychological insights

The music on this CD album is chosen to uplift, inspire, console, and encourage. In Dr. Clark's unique position of wearing two hats--Psychologist and Musician--he integrates his own contemporary musical arrangements with current psychological insights and timeless Scriptural truths, creating a fresh, new approach that speaks to both heart and mind to assist the listener in reducing stress emotionally, physically, and spiritually. Dr. Clark uses a crossover style in his musical arrangements (from traditional and gospel to contemporary/ jazz—even classical) designed to appeal to a wide range of listeners. His strongly improvisational style with gorgeous, lush harmonies and marvelous introductions and modulations add a new dimension to the music and message of the songs. Appropriately, the CD begins and ends with praise.
